A complete agenda is included on the next page. Optional classes have been set up on Friday, December 6, beginning at 8 a.m., which include a four hour Four Points and Roof Certification course, a three hour Wind Mitigation Certification and Continuing Education course and two great (free!) classes offered by FABI affiliates - Inspector Call Center and Home Gauge. All courses, with exception to the free affiliate classes, are approved by the DBPR for HI continuing education credits. A 14 hour package has been created for those needing to fulfill their HI license renewal requirements before July 31, 2020. This package includes the Four Points/Roof Certifications/Wind Mitigation classes and then all classes on Saturday and Sunday.

Saturday will feature presentations on great topics such as seawalls and lifts and pool safety. After a long day of learning, join us in the hospitality suite for our Holiday Dress Up Party. Wear your favorite holiday themed pajamas or your ugliest Christmas sweater and you'll be eligible for a prize. Thanks to Radalink for sponsoring the hospitality suite.

Sunday offers our annual membership meeting and a couple of business classes. Saturday sessions will provide six (6) HI credits and Sunday sessions will provide two (2) credits. FABI, ASHI and InterNACHI credits are also provided.

Various registration options are available and are shown on the registration form on page four.

Make your hotel reservation today. Then register to attend the FABI Winter Conference. You can register by mail, by emailing your registration form to info@fabio.org or by [registering online](#).
